Xero for Churches is SO GOOD

Churches often have difficulty finding willing people with appropriate computer & accounting skills to fill the bookkeeper or treasurer role

XERO IS EASY

No complicated Software Installations	Xero is completely web-based. Simply login from the Xero website and you have access. Both Mac & PC can be used
No updates or upgrades necessary	Xero updates the software every 6-8 weeks. All compliance changes are automatically provided.
No Back ups required	Xero runs offsite backups nightly, full backups weekly and transaction log backups of our database every 10 minutes
Xero has so many easy to use features	• Easy to Navigate around the software • Easy to Find information - Searching is very Powerful • Easy to enter transactions & reconcile – with features to make doing bookkeeping and accounting easy

Church Volunteers are very busy people and often work out of business hours. Churches want to minimize the amount of time on administration without compromising the quality.

XERO IS FAST - SAVES SO MUCH TIME

Automatic Bank Feeds	from most major banks - automatically import yesterday's bank transactions significantly speeds up data entry & reconciling
Customizable Bank Rules	automatically and consistently create and code your transactions
Bulk Data entry functions	Used with Bank Rules can quickly enter and catch up many transaction in a couple of clicks
Repeating Transactions	Xero automatically creates Journal, Sales & Purchases. Invoices can also be set up to be automatically sent to customers – eg for rental properties and weddings (say 2 weeks before the wedding)
Find & Recode	Errors or changes in structure can easily be found and recoded in bulk

Employee Portal	Employees can see payslips, Payment Summaries, submit timesheets and leave requests
Automatic Superannuation	Using Click Super – Australia's largest Super Clearing house. SuperStream compliant
You can go Paperless	Documents can be emailed directly to your Xero account and attached to every transaction – so good for auditors
Direct ATO Lodgements	Tax File Declaration forms & Annual Payment Summaries can be lodged directly from Xero

Churches need easy access financial reports for the total organization as well as separate ministries, departments and events

XERO EASILY PRODUCES FINANCIAL REPORTS

Xero's reporting	Profit & Loss reports can be pre-produced in many formats
Xero's tracking	Easy to produce financial Reports for ministries, departments, properties & events
Flexible Financial Reports	Almost any Profit & Loss/Balance Sheet format can be produced for internal & external reporting

Churches may have many people involved in financial management – administrators, bookkeepers, treasurers, Wardens, Parish Councilors, Auditors most in different locations

ACCESS TO XERO FROM ANYWHERE BY UNLIMITED USERS

Xero can be accessed any where there is internet	Access to your data is possible from any where there is internet. You can use other computers, iPad or smart phones. The Internet does not need to be fast
Xero allows Unlimited Users	All approved people can have appropriate access: Office administrator, treasurer, bookkeeper, accountant, warden, parish council member & auditors.
Attached Documentation	Appropriate users can see supporting documentation

Churches are concerned about the security of its data

XERO IS SECURE

Xero security is far more secure than we can possibly achieve ourselves	Xero is committed to the security of our customers' data and provide multiple layers of protection for the personal and financial information. Our own computers can crash & backups fail. Xero says: "Our software has never been breached and we have never lost any customer data. We invest heavily to protect your sensitive financial information against unauthorised access and system failures, ensuring your data is guarded to the highest level." Data is encrypted using industry-standard data encryption, multiple layers of firewalls are in place, all access to our data centres and servers is controlled and monitored 24/7, and we perform regular security audits.
